

Dear Families,

### **An exciting new adventure awaits**

Every year we look forward to welcoming our newest little people to the OSHClub family.

We understand that starting school can be a daunting time for parents and children alike. We at OSHClub are here to help make the transition as smooth and enjoyable as possible as you and your child to prepare for this big milestone.

Our Outside School Hours Care (OSHC) services support families by offering a safe, supervised environment for children before and after school, as well as during school holidays and pupil free days.

Our programs are designed to help children build new skills, stay mentally and physically active, and most importantly, have fun and play in a supportive environment that scaffolds around the school day.

We are also pleased to share that the Government Child Care Subsidy (CCS) is available on all of our programs to offset the cost of OSHC. When claiming the CCS, this subsidy can reduce the costs of care by up to 90%.

As a leading provider of OSHC services across Australia, we have developed some information, events and content to help you and your child get ready for this big and exciting step. The information below will help you consider and secure your bookings for 2026 as you start to plan for the year ahead.
